Founders **Yvonne Force** and **Doreen Remen** have cultivated their ambitious vision of extraordinary arts projects into reality and gathered the elite to celebrate all the innovative public productions they have created since their beginning.

Included in their projects were ART ADDS, TAXI TOPS using 3 major art figures, **Shirin Neshat**, **Alex Katz** and **Yoko Ono**, to transform the tops of NYC taxis into contemporary art which was a smashing success viewed by over 5 million people.

Also **Gossip Girl**, the hit television teenage dramedy collaborated with APF to create the ultrachic Van de Woodsen loft using 25 leased artworks, and The Cooper Square Hotel's Art Wall Project, to name a few.

APF plans to continue educating the public in innovative ways about contemporary art and will announce their next phase this June.

Guests for the private occasion included **Donna Karan**, **Rachel Feinstein**, **Terence Koh**, Jennifer McSweeney, **Jane Holzer**, **Janelle Monae**, **Amy Sacco**, **Aaron Young**, **Patricia Marshall**, **Anna Sui**, **Cindy Sherman**, **David Byrne**, **Fab 5 Freddy**, **Amalia Dayan**, **Marilyn Minter** and **Kembra Pfahler**, performance artist and musician who drew raves for her "less is more" costume.
