Rainbow in the Sky for Sandy Victims

James Ewing/Art Production Fund

An outdoor laser installation by American artist Yvette Mattern will shine toward the areas hardest hit by super-storm Sandy through Thursday night.

“Global Rainbow, After the Storm,” courtesy of the Art Production Fund and an equipment donation from Lightwave International, will be beamed from the rooftop of Manhattan’s Standard Hotel and viewable by millions. The installation is in conjunction with a fundraising drive for Waves for Water and the New York Foundation for the Arts’s Emergency Relief Fund.
